Figure 1 shows a schematic diagram of a multi-layered structure. The top part of the diagram is labeled 'a' and 'b' and shows a grid of small squares. Below this is a layer of larger squares, and then a series of horizontal lines representing a stack of layers. The bottom part of the diagram is labeled 'c' and 'd'.

Figure 1. A schematic diagram illustrating the proposed model. The diagram shows a sequence of operations starting from a set of input features (represented by colored circles) which are processed through a series of layers (represented by rectangles). The final output is a classification result (represented by a circle). The diagram also includes a legend for the different components used in the model.
